Mr. Mark Dixon  
DenMark Business Solutions, Inc  
806 Stonybrook Lane  
Lewisberry, PA 17339

Ref: Telecom Billing Audit

Mark,

I wanted to take a minute to follow up with you in regards to the efforts of DenMark Business Solutions with regards to not only the audit of our telephone bills, but also assisting us with controlling our telecom costs.

During the sales process it was explained how the audit process works. Although there were no guarantees of finding savings, our only cost would be for the site survey, unless savings were found. It was also explained that my time would be appreciated. This type of service is of important value to Central Dauphin School District.

I am pleased to say the efforts of DenMark Business Solutions was a benefit for Central Dauphin School District. In addition to the value of the audit, the ongoing effort offered helps us considerably. Collectively, we have been able to identify many services not being used and therefore are able to disconnect them. The result is additional cost saving opportunities. We are extremely pleased with the efforts of DenMark Business Solutions as you have always been there for us when needed.

Overall, this effort has been beneficial to me because as I have been able to partially off load the task of managing the districts telecommunication's, which has allowed me to concentrate on more pressing issues. With an email or a quick phone call we can begin the process of adding or disconnecting services or getting a trouble fixed. Allowing an organization that excels at this type of service has saved me many hours.

Mark, I am very pleased with the efforts of DenMark Business Solutions. I would strongly recommend your companies services to someone who is considering them. I look forward to the continued relationship.

Sincerely,

Matthew Sinopoli  
Director of IT
